Assignment 2: Building a Corpus

Title: Assignment 2: Building a Corpus
Author: Chenfeng Fan (fanc@brandeis.edu)
Data: Wednesday, 6 February 2019
Dependencies:

      Python 3.7 (https://www.python.org/downloads/)

      PyCharm (https://www.jetbrains.com/pycharm/download/#section=mac)

      MacOS 10.13 (https://www.apple.com/mac/)

Build Instructions: Install (with pip) the Wikipedia-API (https://pypi.org/project/Wikipedia-API/) and wptools (https://pypi.org/project/wptools/) packages first, then simply run main.py

Run Instructions: Simply run main.py

Modules: Wikipedia-API, wptools

Testing: Tested by process data with various edge cases manually.
